

I CREATE, WHEN I RESONATE®

(RESONANCE) music/lyrics by Rozalina Gutman

Music... What can you teach Hu(-)mankind?

Music... Why do you spark the best of our mind?

Music... To dissonant thoughts you bring peace, you bring light...

Awakening soul's deep-hidden might

Imagining flight into star(-)ry night...

Music... Our first lullaby is always with us

Music... The Alphabet song made us stars in our class

Music... Humans are musical species on Earth,

Pouring their hearts into passionate song

To help you remember that trust is a must.

Music... While learning to speak, Neanderthals sang

Music... I hear ancient flute... drums steadily bang (flute and drums solo)

Music... Evoke ageless feeling through sound-boomerang -

Fill music score with the warmth of your voice

Help next generations evolve and rejoice!

(REFLECTIVE SEGMENT) ~~~~~

Thank you for sharing priceless insight:

Language of music is mindful delight.

Thank you for teaching the art of deep listening -

Chance for the soul to ignite (2 times)

Music... Polyphony makes my thinking expand

Music... You balance my mind you let me transcend

Music... Deep meaning of "Avra K'davra" revealed:

"I (--) create, when I resonate"

Attuned to the music, our hearts celebrate ...

Our hearts ce(-)le(-)brate! (dedicated to my amazing ancestor Baal Shem Tov)
