I'm reborn into generous Universe,
Bursting... bursting stardust and nurturing light.
Whisper soothing chant, filled with eternity,
Shield me in the womb of your night.

~~~~~

### CHORUS:

*Open to me sacred Milky Way bliss  
And reveal me your gratitude kiss...*

*Lead me to swim through the Milky Way bliss,  
Lift me up with your gratitude kiss...*

~~~~~

Сотворила меня щедрость духа Вселенского
Искрой, Искрой звёздной в танце мечты.
Приголубь меня шёпотом ласковым,
Охрани[-и] в утробе ночи.

~~~~~

### CHORUS:

*Вновь рождена плыть во Млечном Пути,  
Не расставшись с тобой никогда,*

*Твой поцелуй благодарно нести,  
Сердца мудрость храня навсегда.*

~~~~~

I'm reborn through the wells of your loving eyes,
So disarmingly giving, so tender and kind...
Nature's affluence opens to those, who are heart-wise,
Tuned in harmony with a cosmic mind.

~~~~~

### CHORUS:

*Open to me sacred Milky Way bliss  
And reveal me your gratitude kiss...*

*Lead me to swim through the Milky Way bliss,  
Lift me up with your gratitude kiss...*

~~~~~

I'm reborn... And the future's a mystery,
Now, present moment's a fearless gift...
Waves of ocean hum "The past is just history"
Timeless swirl is relentlessly swift...

~~~~~

### CHORUS:

*Open to me sacred Milky Way bliss  
And reveal me your gratitude kiss...*

*I'm born again, and I yearn, and I miss  
Gift of fearless Gratitude's kiss...*

~~~~~

Born again...
